## The Film Sensation Bringing Hope Is Now a One-Day Workshop on Becoming the New Human of Prophecy

*This Sacred Earth: The 2012 Phenomenon* debunks the doom and gloom around the end date of the Mayan Calendar, focussing on the positive aspects of a new era. Learn how to save our species and our planet!

Discover how to be the new human of prophecy in this special one-day event.

"This Sacred Earth: The 2012 Phenomenon is a must-see film for anyone who needs a good dollop of hope about the planet, 2012 or themselves. There's a lot of soul food and wisdom here to launch us into a new era of peace.

This film won a standing ovation at the Perth 2009 Conscious Living 2012 New Earth Festival because it is a heart- and hope-filled delight and changes people from the first frames."  
- Patricia Hamilton, Conscious Living

The workshop includes:

- *What 2012 is, and how can we embrace it right now.*
- *Letting go of karma and adopting forgiveness.*
- *Stepping into who you are becoming.*
- *Destiny work to help people become free.*
- *Listening and connecting to the silent world of animals and nature.*

Plus, Billie shares the Top Ten Insights from the Animal and Faerie kingdoms, to help us in these changing times.
